Spring Catalog 1947

Need Better Pasture?

We specialize in Grasses. See Pages 19 and 20
for information which will be helpful to you.

NORTHERN

SEED COMPANY

SHERIDAN, WYOMING

Serving You
Since 1926

TO OLD FRIENDS AND NEW:

Time to get out our seed catalog again, and here we are. "Times change," they say, but so long as folks want to eat and grow crops to feed themselves and their livestock, they will want a dependable source for the seed they must plant and the feed they must buy. To fill this need for the people of Wyoming and Montana is the mission of the Northern Seed Co. And because we crave beauty as well as bread, we also have a full line of flower seed and nursery stock, to add to the joy of living.

Our long years of experience enable us to serve you well.

NORTHERN SEED COMPANY

H. D. Watenpaugh

A. W. Herrman

ABOUT GUARANTEE

We have used every possible care to secure seeds that are true to name, carefully selected, and all lots are tested thoroughly for both germination and purity. Owing to so many conditions beyond the control of either the seedsman or planter, however, we give no warranty, express or implied, as to the productiveness of any seeds we sell and we will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seed.

NORTHERN SEED COMPANY.

WYOMING SALES TAX

The Wyoming Selective Sales Tax Law exempts feeds only "for use in feeding livestock or poultry for marketing purposes." It also exempts "all sales of seeds, roots, bulbs, small plants and fertilizer planted or applied to land, the products from which are to be sold."

Feed, seed, etc., other than for the above purposes is therefore taxable, as are all supplies, garden tools and miscellaneous articles which we handle. Wyoming customers will please add 2% to the amount of their orders for such items to cover this tax. Mail orders to be shipped outside of the state are not subject to Wyoming Sales Tax.

VEGETABLE SEEDS

I think folks who live here get accustomed to the fine flavor of the vegetables we grow in Wyoming, and fail to realize how much sweeter and tastier they are than those grown in lower altitudes. We had that fact brought forcibly to our attention on some of our travels this past year. But it is highly important that proper varieties be selected for our climatic conditions. The varieties we carry are selected to produce the finest crops for our territory. All seed is tested for germination and purity, and secured from reliable sources to insure trueness to name.

Vegetable varieties which yield highest quality frozen products are marked with asterisk*.

ASPARAGUS

Paradise—Rust Resistant, produces one year earlier than other varieties. Postpaid prices: Pkt. 10c; 1 oz. 45c; $\frac{1}{4}$ lb. \$1.25.

***Washington Rustproof**—Large green spears, fine quality, heavily productive. Postpaid prices: Pkt. 10c; 1 oz. 20c; $\frac{1}{4}$ lb. 50c.

BEETS—For Table Use

Crosby Egyptian—Fine beet for all around use. Good color and shape. Tops small and upright. Main crop.

***Detroit Dark Red**—Smooth, dark red beet, nice for canning. Good keeper.

Early Wonder—An early variety, matures rapidly, vermillion red, sweet and free from strings.

Prices on Table Beets—Postpaid: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.70. Not postpaid: 1 lb. \$1.60; 5 lbs. or more @ \$1.55 per lb.

SWISS CHARD—***Lucullus**—Preferred by many in place of Spinach. The mid ribs too are edible, prepared the same as Asparagus. Postpaid prices: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.70. Not postpaid: 1 lb. \$1.60.

BEETS—MANGELS FOR STOCK

Mammoth Long Red—Largest yielding variety grown, easily harvested.

Giant Half Sugar Rose—Sweet and nutritious, greater sugar content than ordinary mangel. Hog raisers and dairyman's favorite.

Prices on Mangel Beets—Postpaid: 1 oz. 15c; $\frac{1}{4}$ lb. 45c; 1 lb. \$1.40. Not postpaid: 1 lb. \$1.35; 5 lbs. or more @ \$1.30.

BEANS—Garden

DWARF GREENPOD VARIETIES—

Tender Green (Asgrow Stringless)—Straight, dark green, round and meaty. Early. Prices below.

Full Measure—Tops for quality, round, meaty pods, stringless. A main crop variety. Prices below.

***Burpee's Stringless Greenpod**—Round meaty pods, heavy bearer, good quality. Prices below.

DWARF WAX OR YELLOW PODDED VARIETIES—

Black War Pencil Pod—Pods handsome bright yellow. Desirable for home and market. Seeds black. Prices below.

Sweet Fennel—(a) Stems edible; seeds used in confectionery. Pkt. 10c.

Sweet Marjoram—(a) Fragrant oil. Pkt. 10c.

Thyme—(p) Seasoning, perfume and garden borders. Pkt. .10c.

SIX 5c PACKETS, 25c

SIX 10c PACKETS (including ounces priced at 10c), 50c

SWEET CORN

STANDARD—

Golden Bantam—Most popular, sweet yellow kernels.

Golden Gem—Earliest yellow, about two weeks earlier than Bantam, small ears, good flavor.

Golden Sunshine—One of the earliest of the golden yellows, 10 days earlier than Bantam. Large ears.

Prices on above Corn—Postpaid: $\frac{1}{2}$ lb. 23c; 1 lb. 38c. Not postpaid: $\frac{1}{2}$ lb. 20c; 1 lb. 33c; 5 lbs. or more @ 30c per lb.

SWEET CORN—HYBRID

***Golden Cross Bantam**—Matures a week later than regular Bantam, produces large ears, 10-14 rowed, kernels rich yellow.

Marcross—Most popular early yellow hybrid, resistant to bacterial wilt, 10-14 rowed.

Prices on Hybrid Corn—Postpaid: $\frac{1}{2}$ lb. 30c; 1 lb. 55c. Not postpaid: $\frac{1}{2}$ lb. 27c; 1 lb. 50c; 5 lbs. or more @ 45c.

Ask for prices on larger quantities.

Protect your Sweet Corn with Semesan Jr.—Improves germination and increases the yield.

LETTUCE

LOOSE LEAF VARIETIES—

Black Seeded Simpson—Dark green leaves, crisp and tender.

Early Prizehead—Curly leaves tinged with red.

Grand Rapids—Beautiful curly and wrinkled leaf, light green. Early. Postpaid prices: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.75.

HEADING VARIETIES—

Iceberg—Crisp firm heads, bright green leaves with slight tinge of brown on the edge.

New York or Wonderful—Dark green outer leaves, solid heads blanching to creamy white. Sure header, resists heat.

Postpaid prices: Pkt. 5c; 1 oz. 25c; $\frac{1}{4}$ lb. 85c; 1 lb. \$3.10.

MISCELLANEOUS

***BROCCOLI—Italian Green Sprouting**—Similar to Cauliflower but easier to grow. Bluish green flower buds. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 20c; 1 oz. 35c.

MISCELLANEOUS—(Continued)

- CRESS**—Peppergrass—Quick growing, excellent for salads and garnishing. Postpaid prices: Pkt. 10c.
- DILL**—Used for flavoring pickles. Postpaid prices: Pkt. 5c; 1 oz. 15c.
- *KOHLRABI**—White Vienna—Early dwarf. Postpaid prices: Pkt. 5c; 1 oz. 35c.
- OKRA**—Dwarf, green, early, adapted to our northern country. Postpaid prices: Pkt. 5c; 1 oz. 10c.
- SALSIFY**—(Vegetable Oyster)—Flavor improves after frost. Postpaid prices: Pkt. 5c; 1 oz. 35c.

MUSTARD

- *Southern Curled**—Leaves long, wide, light green tinged with yellow. Postpaid prices: Pkt. 5c; 1 oz. 10c.
- *Tender Green or Mustard Spinach**—Quick growing, dark green leaves, slow to seed, resistant to heat. Combines flavors of mustard and spinach. Postpaid prices: Pkt. 5c; 1 oz. 10c.

MUSKMELONS

- Greeley Wonder**—Large, green rind, sweet and early.
- Hales Best No. 936**—Thick salmon-orange flesh, sweet and fine quality. Early strain.
- Hearts of Gold**—Nearly round, about 3 lbs. Tender, juicy, sweet and aromatic.
- Honey Dew**—Fruits large, surface smooth, hard, practically no netting, flesh emerald green, very sweet.
- Honey Rock**—Gray-green skin, with coarse netting. Flesh thick, orange salmon, very fine flavor. Early.
- Postpaid prices: Pkt. 5c; 1 oz. 25c; $\frac{1}{4}$ lb. 80c; 1 lb. \$2.70. Not postpaid: 1 lb. \$2.60.

Use Hotcaps for Early Melons Prices Page 10.

WATERMELONS

- Early Kansas**—Fruits large, round, bright green, with wavy stripes of lighter green. Thin tough rind, flesh red, fine flavor.
- Early Klondike**—Oblong fruits, dark green rind, very sweet flesh, small black seeds.
- Striped Klondike**—Dark green stripes on lighter ground. Deepest red flesh, sweet and crisp.
- Golden Honey**—Medium sized, light green with mottled dark green stripes. Flesh amber-yellow, brown seeds. Early.
- Kleckley Sweet (Monte Cristo)**—Fruits large, dark bluish green thin tender rind, bright red flesh, extremely sweet.
- Northern Sweet**—Adapted to short seasons. Fruits small, medium green, dark green stripes. Deep red, crisp, sweet flesh.
- King and Queen or Winter**—Small, sweet and delicious. Harvest before frost and store in cool cellar, will keep until Christmas.
- Postpaid prices: Pkt. 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 65c; 1 lb. \$2.20. Not postpaid: 1 lb. \$2.10; 5 lbs. or more @ \$2.00.

SIX 5c PACKETS, 25c

SIX 10c PACKETS (including ounces priced at 10c), 50c

ONION SEED

Bermuda—Called white, but really are pale yellow color, very large and extremely mild. Early market. Postpaid prices: Pkt. 10c; 1 oz. 40c; $\frac{1}{4}$ lb. \$1.35; 1 lb. \$4.25.

Prizetaker—Early large globe, very handsome, clear straw color, white flesh, firm and solid, delicate flavor. Postpaid prices: Pkt. 10c; 1 oz. 65c; $\frac{1}{4}$ lb. \$2.25; 1 lb. \$7.50.

Southport White Globe—Best of white varieties. Bulbs round, medium sized, solid, skin thin and delicate, flesh fine grained and mild. Keeps well. Postpaid prices: Pkt. 10c; 1 oz. 55c; $\frac{1}{4}$ lb. \$2.00; 1 lb. \$7.00.

Sweet Spanish, White—Largest white onion grown. Globe shaped, very attractive, mild and good keeper. Postpaid prices: Pkt. 10c; 1 oz. 65c; $\frac{1}{4}$ lb. \$2.25; 1 lb. \$7.50.

Sweet Spanish, Yellow—Spanish origin. Golden yellow skin, white flesh, mild, very sweet. Larger than Prizetaker. Desirable for fall storage. Postpaid prices: Pkt. 10c; 1 oz. 75c; $\frac{1}{4}$ lb. \$2.25; 1 lb. \$7.50.

Yellow Globe Danvers—Popular yellow onion. Hardy, used largely for storage, medium size. Flesh white with slight yellow tone. Postpaid prices: Pkt. 5c; 1 oz. 45c; $\frac{1}{4}$ lb. \$1.60; 1 lb. \$5.25.

ONION SETS

White Globe—Ask for prices.

Yellow Globe—Ask for prices.

ONION PLANTS

Western Grown Plants received each week direct from growers. Sweet Spanish and Bermudas. Price: Per bunch 18c; 5 bunches 80c; F.O.B. Sheridan. Postpaid: Per bunch 25c; 5 bunches 95c.

Ask for prices in larger quantities.

PARSLEY

Moss Curled—Beautiful curled leaves. Pkt. 5c; 1 oz. 15c.

Hamburg Turnip Rooted—Grown mainly for its roots, used for flavoring. Pkt. 5c; 1 oz. 10c.

PARSNIPS

***Hollow Crown**—Best variety, roots thick, medium long. Postpaid prices: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 45c; 1 lb. \$1.25.

PEPPERS

Bull Nose or Bell—Popular, early prolific sweet pepper. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 30c; 1 oz. 50c.

Early Calwonder—Medium early, fruits are chunky, 4 lobed, deep green changing to bright crimson. Thick flesh, mild and sweet. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 30c; 1 oz. 50c.

Harris Early Wonder—Excellent, early sweet variety, 3 lobed, resembles Bull Nose in shape. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 35c; 1 oz. 60c.

Rocky Ford—“All American Selection.” Its merits are earliness, large size and thick walls. Prolific. Postpaid prices: Pkt. 10c; $\frac{1}{2}$ oz. 25c; 1 oz. 45c.

PEAS

Alaska—Earliest of smooth varieties. Pods small, well filled. Good yielder.

American Wonder — Dwarf, dark green vines; wrinkled seeds, 6 peas in a pod. Early.

Dwarf Telephone — Medium early, plants 24 in. high, large pods, slightly curved, 8-10 peas of excellent quality.

Everbearing — Long bearing variety, resistant to Fusarium wilt. Pods double, contain 4-5 large peas. Sweet flavor. Vines 28 in.

***Laxton's Progress** — Largest podded of early dwarf peas. 7-9 large tender peas.

Little Gem—Early canning, dwarf vines, 12 to 15 in. Straight pods, 6-7 peas of good quality.

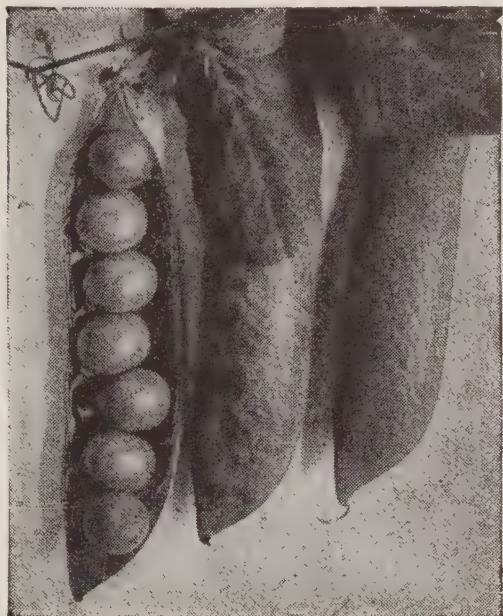

***Little Marvel**—Outstanding of dwarf early peas, pods well filled with 7-8 tender peas.

***Stratagem**—Late variety, ideal for freezing, vines 28 in., resistant to wilt. Pods contain 8-10 succulent peas.

***Thos. Laxton**—Excellent for home canning and freezing. Plants deep green, heavy. Pods single, deep green, blunt, carrying 7-8 large tender peas.

Wyoming Wonder—Second early, wilt resistant, large podded pea, 5 to 6 in. long. Vines medium height. Exceptional quality.

Postpaid prices on all varieties of Peas: $\frac{1}{2}$ lb. 23c; 1 lb. 38c. Not postpaid: $\frac{1}{2}$ lb. 20c; 1 lb. 33c; 5 lbs. or more @ 29c per lb.

PUMPKINS

***Sugar or Pie**—Best variety for general use. Flesh thick, sweet and dry. Deep orange. Fruits 6-8 lbs.

Connecticut Field—For stock feed, or pies, flesh thick, orange yellow, coarse and sweet.

Postpaid prices on Pumpkins: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 45c; 1 lb. \$1.35.

RADISHES

Crimson Giant—Matures early, grows to large size without becoming hollow or woody. Deep crimson.

Early Scarlet Globe—Roots olive shaped, bright scarlet, crisp, tender.

French Breakfast—Early, with small tops. Roots oblong dull scarlet with white tips.

Long Scarlet—Roots smooth, uniform, 5 to 6 in. long. White crisp flesh. Short tops.

Saxa—One of the earliest, round, bright scarlet radishes. Nice for bunching.

Sparkler—White tipped roots, round, smooth, dull scarlet red, one-third white at bottom, flesh white, crisp.

White Icicle—Outstanding variety. Roots long, slender, tapering at the tips, very white, brittle, mild inviting flavor.

Postpaid prices: Pkt. 5c; 1 oz. 12c; $\frac{1}{4}$ lb. 40c; 1 lb. \$1.25. Not postpaid: 1 lb. \$1.15.

SIX 5c PACKETS, 25c

SIX 10c PACKETS (including ounces priced at 10c), 50c

SPINACH

***Bloomsdale-Savoy Long Standing**—First early, fast growing, leaves large oval shaped, crumpled or blistered, dark green.

***King of Denmark**—Broad rounded, dark green leaves, slightly crumpled. Excellent for spring planting as seed stalks are slow in forming.

Postpaid prices: Pkt. 5c; 1 oz. 12c; $\frac{1}{4}$ lb. 35c; 1 lb. \$1.00. Not postpaid: 1 lb. 90c.

New Zealand—Not a true spinach, but similar when cooked. Thrives in hot dry weather. Large, spreading plants have small thick pointed deep green leaves, which can be picked repeatedly throughout the season. Plant in warm soil. Postpaid prices: Pkt. 5c; 1 oz. 28c; $\frac{1}{4}$ lb. 85c; 1 lb. \$2.50.

SQUASH SUMMER VARIETIES

Italian Cocozelle—Fruits long, straight and smooth. Dark green with lighter green stripes. Delicious. Very early.

White Bush Scallop—(Patty Pan). Shaped like a pie or patty with scalloped edges. Can be used from the size of a dollar until full grown.

Summer Crookneck—Curved at neck, light yellow, covered with warts. Very prolific and early.

Prices on Summer Squash—Postpaid: Pkt. 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 50c.

WINTER VARIETIES

*All varieties of Winter Squash suitable for freezing.

Banana—Excellent winter variety, fruit 18-24 in. about 7 in. in diameter. Skin blue-gray and not as hard as Hubbards. Cooks dry and sweet. Postpaid prices: Pkt. 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 60c.

Buttercup—Small thick, orange fleshed squash, shape similar to turban. Rind thin and tough, dark green with narrow gray stripes. Good quality. Postpaid prices: Pkt. 5c; 1 oz. 22c; $\frac{1}{4}$ lb. 70c.

Table Queen or Acorn—Oval fruits, point at blossom end, ribbed, smooth, thin shelled, dark green. Flesh light yellow, bakes well. Early maturing. Postpaid prices: Pkt. 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 60c.

Turban—For several years we have been trying to locate a new stock of our "Cloud Peak" squash. We just can't find them anywhere. We did succeed in securing some Turban squash. Described as being similar to our Cloud Peak, orange color, with the odd shaped blossom end. Postpaid prices: Pkt. 5c; oz. 22c; $\frac{1}{4}$ lb. 70c.

CLOUD PEAK SQUASH

(We now carry the "TURBAN" squash, a similar variety)

WINTER VARIETIES SQUASH—(Continued)

Chicago Warty Hubbard—Similar to green Hubbard in shape and quality, with extra hard, rough skin. Best keeper. Postpaid prices: Pkt. 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 60c.

True Green Hubbard—Standard winter squash. 10-12 lbs., slightly warted, dark bronze-green rind hard and tough. Postpaid prices: Pkt. 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 60c.

***Golden Hubbard**—Like other Hubbard's but earlier, smaller and more prolific, 8-10 lbs., slightly warted, orange-red. Fine quality. Keeps well. Postpaid prices: Pkt. 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 60c.

Delicious—Well named. Small in size, top shaped fruits, 7-8 lbs. Dark green skin, with light green stripes toward blossom end. An excellent keeper. Postpaid prices: Pkt. 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 60c.

TOMATOES

Spray your tomato blossoms with FIX. They set fruit at once, ripen quicker, and make solid, seedless tomatoes. 25-tablet bottle, 25c.

Bonnie Best—Standard second early. Fruits slightly flattened, globe shaped, medium size. Smooth, bright scarlet. Postpaid prices: Pkt. 5c; $\frac{1}{2}$ oz. 35c; 1 oz. 60c.

Break o' Day—Fruits medium large, orange red, globe shaped, uniform. Early. Postpaid prices: Pkt. 5c; $\frac{1}{2}$ oz. 35c; 1 oz. 60c.

Earliana—First early. Old time variety. Valuable in short season areas. Fruits flattened, medium size, firm, bright red. Postpaid prices: Pkt. 5c; $\frac{1}{2}$ oz. 50c; 1 oz. 90c.

John Baer—Hardy and prolific, small seed cavities. Fruits deep scarlet, fleshy. Good canners. Postpaid prices: Pkt. 5c; $\frac{1}{2}$ oz. 35c; 1 oz. 60c.

June Pink—Earliest of pink varieties, solid fruit of medium size. Postpaid prices: Pkt. 5c; $\frac{1}{2}$ oz. 40c; 1 oz. .75c.

Bison—Extra early, vines self pruning, fruits solid and meaty; larger than Earliana, deep scarlet. Postpaid prices: Pkt. 5c; $\frac{1}{2}$ oz. 50c; 1 oz. 90c.

Golden Queen—Large, smooth, bright yellow fruit. Less acid than red sorts. Main crop. Postpaid prices: Pkt. 5c; $\frac{1}{2}$ oz. 40c.

Yellow Pear—Small pear shaped fruit used for preserving. Postpaid prices: Pkt. 5c; $\frac{1}{2}$ oz. 50c; 1 oz. 90c.

TURNIPS

White Milan—Early, white throughout, crisp, sweet and tender. Postpaid prices: Pkt. 5c; 1 oz. 12c; $\frac{1}{4}$ lb. 40c; 1 lb. \$1.25.

***Purple Top White Globe**—Globe shaped, white fine grained flesh, mild and sweet. Keeps especially well. Postpaid prices: Pkt. 5c; 1 oz. 12c; $\frac{1}{4}$ lb. 35c; 1 lb. 90c. Not postpaid: 1 lb. 80c.

RUTABAGA

***American Purple Top**—Best keeper of all turnip family, heavy yielder. Flesh buttery colored, fine grained. Postpaid prices: Pkt. 5c; 1 oz. 18c; $\frac{1}{4}$ lb. 55c; 1 lb. \$1.75.

Moline Elm. Very graceful growing type of American Elm. 6-8 ft. size. Each \$2.00.

FERTILIZERS

F.O.B. Sheridan

ANACONDA TREBLE SUPERPHOSPHATE—The value of this product has proven under tests that it not only increases yields but also increases the feed value of crops produced. 100 lb. bags \$3.10; 500 lb. lots @ \$3.00 cwt.; per ton \$57.00.

ANACONDA AMMONIATED SUPERPHOSPHATE (10-20-0)—The best fertilizer for some crops, especially vegetables. Ideal for lawn use, where a little goes a long way. 10 lbs. 50c; 25 lbs. \$1.10; 50 lbs. \$2.00; 100 lbs. \$3.60. Ask for prices in larger lots.

VIGORO—A balanced plant food. 100 lb. bag \$4.25; 50 lbs. \$2.65; 25 lbs. \$1.65; 10 lbs. 90c; 5 lbs. 50c.
 Have your soil tested and apply the proper plant food.

HY-TROUS LIQUID FERTILIZER—A highly concentrated liquid fertilizer for lawns, flowers, trees, shrubs and home garden. One tablespoonful with a gallon of water makes an effective balanced nutrient solution. Price: Pint bottle, 78c; quart bottle, \$1.45.

PLANT-CHEM SALTS—Concentrated plant food and growth hormones. Contains Vitamin B1. One teaspoonful makes a gallon of solution. Ideal for starting seeds, slips, cuttings and transplanting, as well as for house plants, etc. Price: 10c package makes 5 gallons of solution; 25c package makes 12½ gallons; \$1.00 package makes 100 gallons.

ALFALFA AND CLOVERS

With the removal of ceiling prices for seeds, the price of some items advanced quite sharply. This was especially true of the Northern Grown seed produced and planted in our section of the country. In spite of nation-wide shortages in these seeds, we believe we will have ample stocks to take care of requirements in the territory we serve.

Prices on Page 21

ALFALFA—Most popular of the legumes in Wyoming for many years.

Quality of alfalfa seed we have set aside for our retail trade is very good, but limited to Grimm and Common varieties. Offerings of additional seed from growers is very slow, so we will probably be unable to purchase much more this year. Secure your supplies early.

RED CLOVER—Valuable legume crop, usually grown in mixture with Timothy. Becoming more popular each year, as it is not bothered by weevil. We should mention too, that Red Clover is a very profitable crop to grow for seed here. Our stock is all local grown seed.

ALSIKE—A clover that is valuable in mixtures for either hay or pastures. While it does well in ordinary soils, it will thrive in soils too wet for either red clover or alfalfa. It will not bloat stock.

SWEET CLOVER—While some consider sweet clover a nuisance, it has proven itself one of the best soil builders ever cultivated. Very useful planted with dry land grasses for pasture, as it will provide feed before the slow starting grasses become established. We have both White and Yellow Blossom.

GRASS SEEDS

Know your grasses that you may determine which are best adapted to the soil and moisture condition you have. Native grasses are beyond doubt the hardiest grasses grown. But with the greater number of cattle and sheep being produced today we are confronted with the problem of sowing domestic grasses and legumes in selected places which will give a greater return in tonnage than natural native grass. The proper mixture of grasses and legumes will often double or even treble the amount of stock feed, either in hay or pasture, that would otherwise be produced. Many of our customers have profited by the help we are able to give them in making the proper selection of grass seed. We are very much interested that you get results when buying MOUNTAINEER BRAND SEEDS.

Prices on Page 21

BROME GRASS—Noted for its ability to make a good growth early in the season when weather is still too cold for many other grasses to start. Splendid to pasture early before moving stock to mountain range. Cattle relish it more than sheep. Valuable to mix with alfalfa as it helps keep down bloat, keeps cheat out, and makes much better fall pasture than straight alfalfa. Drought resistant.

ORCHARD GRASS—Excellent in pasture mixture and exceptionally good to mix with alfalfa for hay as it is early maturing and ready to cut with first cutting alfalfa, and comes back fast to make a good increase in tonnage for second crop. In years past the high price of orchard has kept some from using it, but this year's prices make it a really good buy, and many ranchers will want to use more of this grass.

KENTUCKY BLUE GRASS—One of the best pasture grasses, but not so good for hay. This year the crop is extremely short and the price high. Not recommended for farm use at present prices. Blue grass comes into most meadows of its own accord in this country, as it is widely scattered on our irrigated lands.

MEADOW FESCUE—Also known as English Blue Grass. Similar to Kentucky Blue Grass, but is somewhat larger and coarser. Much better for hay and desirable in pasture mixtures. Will stand considerable drought and is a good lawn grass where irrigation is not available.

RED TOP—The chief use of this grass is for pasture or meadow in ground too wet to stand other grasses. Mix with Alsike Clover for seeding low, swampy spots. Very good quality feed. Stands shade well, and can be sown in timber, or used in Shady Lawn Mixture.

TIMOTHY—Mixed with a small amount of Alsike or Red Clover, this will produce more hay in one crop than almost any crop. Its true feed value is as a hay crop cut and cured at the proper time (before it is too ripe). Ideal for feeding range cattle and perhaps the best horse hay there is.

HUNTLEY PASTURE MIXTURE—Originally put out according to a formula of the Huntley (Montana) Station. The true Huntley Mixture contains 20% each of Brome, Orchard, Meadow Fescue and Kentucky Blue Grass, and 10% each of Alsike and White Dutch Clover. An excellent mixture that will provide pasture from early spring throughout the season. We do not recommend this mixture this year on account of the extreme high price of Kentucky Blue Grass, and will mix it only on special order.

MODIFIED HUNTLEY MIXTURE—Due to the fact that many of our ranchers want to use mixtures of grasses and clover for a crop of hay after using the meadow for early pasture, and then again for fall pasture, we offer the following modification of the original Huntley mixture: 30% Brome, 30% Orchard, 20% Meadow Fescue, 15% Alsike, 5% White Dutch Clover. This mixture makes more hay on account of the larger percentage of taller grasses and Alsike Clover. By pasturing early, stock hold back the early grasses, and cause the growth to be more uniform at haying time.

NOTE: There is one thing to always keep in mind when planting mixtures for either hay or pasture: Legumes are not only valuable for their feeding value, but also for the plant food they furnish the grass by putting nitrates into the soil.

SLENDER WHEAT GRASS—Very similar to Western Wheat and other native "Blue Stem" grasses. Ideal for good dry land for either summer or winter grazing. Not recommended for light or poor soils. Will make excellent hay, and more of it than most native grasses with a fair amount of moisture.

CRESTED WHEAT GRASS—Hardest and most drought resistant of the cultivated grasses. Makes an excellent dry land hay crop, and also good summer pasture. Stockmen do not consider it a good winter range grass.

IT GREATLY ENHANCES BOTH THE YIELD AND THE FEEDING QUALITY OF THE FEED TO USE TREBLE SUPERPHOSPHATE ON YOUR IRRIGATED ALFALFA AND YOUR HAY MEADOWS OR PASTURES.

PRICE LIST ON ALFALFA, CLOVERS AND GRASSES

All prices on these items are F.O.B. Sheridan, subject to stock on hand, and to change without notice to meet changes in market conditions. We have tried to protect both our customers and ourselves by liberal buying of all grasses and clovers, but know some items are going to be hard to obtain, and probably higher in price, should our supplies have to be bought on the open market later on.

No extra charge for bags.

Slender Wheat Grass	24.00	.26	.29
Crested Wheat Grass	26.50	.28	.31

WE WILL GLADLY MIX HAY AND PASTURE MIXTURES TO YOUR OWN SPECIFICATIONS.

FORAGE CROPS AND SEED CORN

All prices are F.O.B. Sheridan, and are subject to stocks on hand and to change without notice to meet market conditions.

	Price Per Cwt.	Less than 50 lbs. per lb.
SUDAN GRASS—(Local grown seed)	\$ 8.75	\$.10
Makes an abundance of good quality hay or fine summer pasture. Drought resistant, and thrives in hot weather.		
PROSO OR HOG MILLET	5.00	.06
The large seeded kind. Excellent poultry feed in mixtures with other grain.		
SIBERIAN MILLET	Ask	
One of the best varieties for hay. All varieties of millet are considered among the best crops to use in choking out weeds. Millets mature quickly and should not be sown before the first of June.		
RAPE—Price: Per lb. 30c; 5 lbs. or more @ 27c per lb. A few pounds planted with grain makes a good early fall pasture for stock, after grain has been harvested.		

KINGSCROST HYBRID CORN—

Kingscrost Hybrid have proven themselves well adapted to our section. There are many hybrids that will mature in the corn belt, but you need to play safe by buying KINGSCROST HYBRIDS to plant in Northern Wyoming and Southern Montana. We have three kinds:

	Price Per Bu.	Less than bu. lots per lb.
KE2—85 day Yellow Dent	\$10.50	\$.20
KE3—80 day Yellow Dent	10.50	.20
KF —Falconer Type	10.50	.20

FALCONER SEMI-DENT

Ask

Heaviest yielding open pollinated corn for use in this section.

GEHU FLINT

Ask

Extra early maturing corn that can be planted late and still mature. Ideal for hogging off early in the fall.

SEED GRAINS

High quality seed grain, well cleaned, free of weeds, and tested for purity and germination may cost a few cents per hundred more at planting time—but at harvest time you get your money back, in increased yields and better quality. Care in selection of seed grain pays dividends.

We look for heavy demand for seed grain, and are preparing ourselves accordingly. As this is written we do not have stocks on hand of all varieties, so are not able to quote prices, but they will be at reasonable levels.

SPRING WHEAT—

Marquis—The standard variety for this territory.

Thatcher—Rust resistant variety. High protein, good milling quality.

Cadet—A new variety that has proven of great value. Runs high in protein, yields well, and of excellent milling quality. Our stock was raised from Experiment Station stock.

BARLEY—

Trebi—Heavy 6 row type with barbed heads.

Sparton—2 row type, thin hull, and makes heavy, plump grain even with scant moisture. To increase yield on irrigated land, plant heavier than you would with the 6 row type barley. Makes better market value.

Campana—Another variety of 2 row type. Short straw, bearded. Grasshoppers do not appear to bother this variety. Very good quality.

OATS—

Markton—Highly recommended for dry land.

Victory—Swedish Select—These two varieties are very similar, and most oats raised in this territory are one of these varieties.

Bridger—A new variety developed to meet needs of combining. A large white oat, does not shatter easily if left standing until fully ripe.

FALL RYE—We have a big demand for Rye for spring planting to use as pasture. Can be planted early, and makes an excellent pasture throughout the summer and fall. Price per cwt. \$3.25.

WE DO CUSTOM CLEANING OF SEED GRAIN. ARRANGE FOR US TO DO YOUR CLEANING EARLY, BEFORE THE RUSH SEASON STARTS.

SEED POTATOES

CERTIFIED BLISS TRIUMPHS—Good local grown stock, State Certified. The grower from whom we have bought this stock of Certified seed has a very high rating with the State officials in charge of potato inspection and certification. Price, F.O.B. Sheridan, \$3.35 per cwt. Small lots slightly higher.

SEED DISINFECTANTS - INSECTICIDES WEED KILLERS

We carry a full line of this kind of material, featuring only nationally advertised products of well established manufacturers with a reputation of years of selling quality merchandise. This, we feel, is especially important to our customers right now because of recent important discoveries, such as DDT and 2-4 D, which have sometimes been unfairly advertised and recommended. You can depend on the lines we carry being exactly as represented, capable of doing the job for which it was intended if used according to directions.

ALL PRICES F.O.B. SHERIDAN, WYO.

For Treatment of Seed, Grain, Potatoes, Corn, Etc.

POULTRY EQUIPMENT AND SPRAYERS

We have a much fuller line of this line than we have had for some time, but will not attempt to list it in our catalog. See us for oil or electric brooders, feeders, waterers, sprayers and dusters.

NORTHERN SPECIAL FEEDS

Many Sheridan poultrymen have used Northern Special Feeds for years, and know it has the stuff in it to bring results. Made right in our own plant, formulas are carefully made up and followed closely to assure every sack of feed bearing the Northern Special brand contains the proper amount of proteins, minerals and vitamins.

All feed prices are subject to markets, and to change without notice.

PRICES ON NORTHERN SPECIAL FEEDS

F.O.B. Sheridan

	100 Lbs.	50 Lbs.	25 Lbs.	10 Lbs.
Chick Starting Mash	\$4.70	\$2.45	\$1.35	\$.55
Chick Growing Mash	4.50	2.35	1.30	.55
All Mash Grower	3.90	2.05	1.10	.50
Baby Chick Scratch	4.20	2.20	1.15	.50
Growing Chick Scratch	4.00	2.10	1.10	.50
Laying Mash	4.30	2.25	1.20	.55
Breeder Mash	4.50	2.35	1.30	.55

We also make Northern Special Turkey Starter and Turkey Growing Mash. Due to the fact that these will not be in demand until later in the season, and the uncertainty of market prices, we are not pricing these items now. Ask for prices at turkey time. Our Northern Special Turkey Mashes have what it takes to produce top quality birds with minimum cost.
